Olivier Penhoat

Director of Developer Experience

About me

I am passionate about **web development**, **experienced** in team management and coaching, able to create a **digital platform** from Think stage, to Build, Devops and Run.

CTO resolutely craftsman, capable of developing and carrying a real **product vision**.

In my favorite playground we often find: *JavaScript*, *TypeScript*, *NodeJS*, *Jest*, *REST*, *GraphQL*, *Docker*, *Redis*, *MongoDb*, *ReactJS*, *Zsh*, *Portainer*, *Traefik*
